

KEEP YOUR PET SAFE THIS 4TH OF JULY

1

Prepare Celebrations can start days before. Try to get your pet exercise well-ahead of nightfall and plan to keep them indoors all evening.

2

Keep them Safe Secure all exits from fences, doors, and windows to prevent a panicked escape.

3

Check IDs Ensure their tags or collar are on with up-to-date contact info.

4

Minimize the Noise Close the windows and curtains, try a fan or white noise machine to block out the booms.

5

Get Cozy If you're able, put on the tv or radio and hunker down with you best buddy.

6

Call your vet if you need additional support.
