WHAT TO DO IF YOU FIND KITTENS

Are the kittens visibly sick or injured?

YES → Take the kittens to a veterinary clinic immediately.

NO

Estimate the kittens/ age by what they look like

<p>Eyes still closed or just beginning to open: 1-2 WEEKS OLD</p> 	<p>Eyes open and alert, becoming mobile: 2-4 WEEKS OLD</p> 	<p>Very mobile and often talkative, can eat food: 4-6 WEEKS OLD</p> 	<p>Very active and playful, weighs 1-2 lbs.: 6-8 WEEKS OLD</p> 	<p>Very active and playful, weighs 2 lbs. or more: 8+ WEEKS OLD</p> 
---	--	---	--	---

Can you see the nest or hiding spot?

YES

Gently return kittens to the nest where the mother can provide care.

NO

If in danger, move kittens to a safe space and watch from a distance.

If the mother doesn't return after 6+ hours

Are you willing to take full responsibility for the kittens?

NO

Bring the kittens to a local shelter.

YES

Great! Take the kittens to your local vet and get started on vaccination and spay/neuter as early as 8 weeks old. Raise the kittens until they are old enough to be adopted (usually at 8 weeks), or make an appointment at your local shelter to surrender them.
